

SOBEL SKIN

JULY SPECIAL – SAVE \$500 ON ALMA TED TREATMENTS

NO PAIN. HAIR GAIN.

WE ARE ONE OF THE FIRST IN NYC TO INTRODUCE

Alma**TED**

The Alma TED is a **pain-free, needle-free and highly-effective** PRP alternative for both men and women seeking hair restoration treatments. It is an ultrasound-based system that uses sound waves and a propriety Impact Delivery™ to drive active growth compounds, formulated by a world-renowned pharmaceutical research lab, deeper into the skin for higher absorption.

The impressive results are a regeneration of a healthy scalp with increased size of hair follicles and hair shafts. Increased blood flow to the scalp and increased turnover of follicular cells, improves the hair appearance for thicker, fuller looking hair with increased shine and strength.

We recommend a series of three treatments spaced one month apart. **Through the month of July, you will receive \$500 OFF the series of three treatments.***

Call today to get started. 212.288.0060

* Price for a series of three Alma TED treatments is \$3,500 (normally \$4,000) when purchased through July 31, 2022. Cannot be combined with other discount offers.
